

POLICE OFFICERS NAB ROBBERY SUSPECTS HERE

Become Suspicious Of Actions Of Couple And Learn Men Wanted In Los Angeles

About 1:30 o'clock, Wednesday morning of this week, Sergeant Sunderland and Officer Dalton were meandering in a patrol car down Mission street. Near the Mission Auto Court they observed two men park an automobile, bearing an Illinois license number, on the west side of Mission near Citrus.

The officers became suspicious, owing to the peculiar actions of the couple, and accosted and began questioning them. They stated the car had run out of gasoline, but the police, on investigation, found this to be untrue. On search of the car 199 pennies were found.

The men gave the names of Charles Bruguone and Charles Lautz, and their residence as the Civic Center Hotel in San Francisco. They declared they had recently arrived from Chicago, which was claimed as their home city.

The two were detained and San Francisco police communicated with. It was learned that their description tallied with two men registered at the hotel mentioned, but under other names. It was stated the alleged culprits were wanted in Los Angeles County on a charge of robbery.

Local police turned the two suspects over to San Francisco officers, who are holding them for further investigation and information from the southern city.

Headed by R. T. Cropley, business man and property owner, a group of taxpayers is preparing to circulate petitions in all parts of the county in support of the move, it has been declared.

Backed by the threat that no taxes will be paid until promise of a reduction is made, the petitions will demand that the Board of Supervisors act to slash the tax load on property owners.

CALIFORNIA BEARS 'TALK OVER' THE COMING BIG GAME

"Talking over" the coming big game between California Bears and Stanford Indians, Stub Allison is pictured giving his team pre-game dope on how to take the Stanford boys. At Stanford the Indians, encouraged by their victory over Washington State, are working up a good "fighting mad." The weather man, however, is the main attraction in the tilt, since about the same time as the game a rainstorm is expected off the Pacific. BE CAREFUL ON WAY TO GAME

Next Saturday the highways of San Mateo County will be crowded with pleasure bound motorists. Traffic authorities are arranging to do everything in their power to regulate traffic.

"Are you interested in your own safety?"

Ninety per cent of all traffic accidents are caused by lack of consideration of the rights of others. Drive carefully yourself and expect the unexpected from the other fellow. Use your hand signals—the man behind cannot read your mind!

Make a pledge to yourself as you get behind the steering wheel: "I will be 'safety conscious' and I will observe the Golden Rule."—San Mateo County Traffic Safety Commission.

MANY APPLY FOR SOCIAL SECURITY NUMBERS HERE

Three Million Cards Issued To Workers In Three Pa- cific Coast States

Social security account numbers under the Federal Social Security Act had been issued to 2,228,513 California workers at the end of October, James B. Cress, San Francisco manager of the Social Security Board, announced this week.

The national total at that time was 35,366,865, of which more than 3,000,000 had been issued to workers in the three Pacific Coast states.

Applications for account numbers have declined sharply in recent weeks, Cress said, following the peak of the canning and crop moving season when a large number of workers, who are ordinarily not employed at any other time of the year, were obtaining social security cards. In October 73,319 additional account numbers were issued to California workers.

Account numbers are used by the federal government in maintaining the worker's wage record in connection with old age insurance system which covers employers having one or more employees in a commercial, industrial or professional service employment.

BRISBANE FIRE CONSUMES BARN AND BURNS HAY

Three Thousand Tons Lost— Cattle And Horses Saved As Conflagration Lights Up Countryside

Aided by torrents of water pouring down from the skies, 40 firemen from Brisbane, Bayshore City and San Francisco battled vainly, Tuesday night of this week, to extinguish a blaze which destroyed a huge barn on the N. Hansen dairy, located in Guadalupe Valley, west of Brisbane.

The damage was estimated by the owner as between \$40,000 and \$50,000.

The hay is still burning, smoldering persistently despite thousands of gallons of water that deluged the blaze.

Four volunteer Bayshore City firemen were partially overcome by smoke and had to be carried by fel-

Daly City Police Recover Stolen Machine Before Re- ceiving Notice Of Theft

Officer Benedetti, of Daly City Police Department, discovered two youths seated in a parked automobile in the hills above the Crocker Tract, early Tuesday morning of this week.

The officer investigated and questioned the loiterers. The car was found to be registered to Mr. and Mrs. Michael Jensen of 87 Fountain street, San Francisco. The license number is 2J-65-20.

The youths gave the names of Salvatore Dimiceli and William Guardino and both claimed residence as 88 North street, San Francisco. As they gave no satisfactory explanation of possession of the car, they were detained.

San Francisco authorities, on being communicated with, stated the pair had evidently stolen the car from the street at Bartlett and Twenty-fourth streets. The suspects were turned over to inspectors of the San Francisco Police Department and were taken to that city in custody.

The alertness and sagacity of the Daly City officer thus resulted in recovery of the machine even before its theft had been reported to the local department.

show the Catholic people and any interested inquirer that the foundation of the Catholic religion goes right down to the bedrock of common sense, intelligence and reason; that our Faith is like unto the God we worship. And furthermore to offer convincing, indisputable proof that from the day of Christ to the present time nothing has been added, nothing has been taken away from our Faith—that our teachings today are the teachings of Jesus Christ in every particular, in every detail."

Both Fathers Moir and Prindiville are well known Paulist missionaries, both having extensively preached the Gospel, in season and out of season; both are eloquent, convincing preachers, well versed in the art of presenting the truths of Faith in a manner pleasing, not only to Catholics but to non-Catholics as well. Hence, it is hoped that large congregations will avail themselves of the opportunity to hear these splendid preachers in expounding the truths of the Catholic religion.

Topics of sermons to be delivered during this Mission are as follows: "Life, Death and Eternity"; "The One Evil In the World"; "Christ and His Church"; "Living the Abundant Life"; "The Confession of Sins"; "The Church and Matrimony"; "Why I Am a Catholic."

American Legion Membership Drive Now Under Way

Commander A. G. K. Jakobsen has pledged Daly City Post No. 410, American Legion, to turn in 27 additional membership cards to Department Adjutant James Fiske between November 12 and November 30. At present Daly City Post No. 410 has a higher percentage of their 1938 quota than the other three large cities of the county. With a little help from the members we will make our 1938

quota before December 31 and receive another National Membership Citation. First Vice Commander Cleo Miller, of the Twenty-sixth District, is doing a fine membership job.

Our next meeting will be held Wednesday evening of next week, at 8:15 sharp, in our hall at 474 San Diego avenue. It is rumored that the balance on our hall will be paid off at that time. Be there for this great event.

THIS THANKSGIVING!

When Mr. Tom Turkey comes riding into the dining rooms of millions of American homes, decked out on the silver platter in all his pungent glory, there should be little brain cudgelling this year to find reasons for giving thanks!

We can gauge the measure of our thanks by remembering that it was a little band of settlers, faced with the rigors of fierce winter weather on the fringe of a vast, lonely continent, who were the first to celebrate a day of Thanksgiving. And they gave thanks one autumnal day in 1621 on the occasion of their first harvest—even though sickness, massacres and wintry gales had fiercely assailed their numbers that year.

How much more, indeed, can America give thanks for today! Since that first humble feast, over three centuries ago, a little colony has grown to one of the world's greatest nations and foremost democracies.

This Thanksgiving finds America fast emerging from the depression's wake, and it finds a million more people with jobs than there were a year ago. Though parts of the world are ringing loudly with the burst of war shells, America holds fast to her determination—to keep the peace!

And that each of us is a member of one of destiny's most favored nations is further good cause for offering thanks on Thanksgiving Day, 1937!

SPECIAL SESSION OF CONGRESS

The Speaker of the House and the President of the Senate banged their gavels, the chaplain uttered a prayer, President Roosevelt's message was read, and the special session of the Seventy-fifth Congress began quickly marching into history this week.

En route, legislators must storm and conquer such obstacles as the problems of farm crop control, regulation of wages and hours, and—by no means least—relief for small business.

What a whopping industry it has become—this job of making laws for a nation as gigantic, as prodigious in resources, as diverse in groups, as are these United States! And how much higher our already mountainous heap of statutes will soar to, nobody knows. Since the first Congress opened in New York City in 1789 over 59,000 national laws have been enacted.

Lawyers will not mind that, but what about the man in the street and the busy enterpriser, who want fewer laws and wiser ones? Mr. Average Businessman may soon have to employ a full time attorney to keep abreast of all the new laws enacted to regulate enterprise.

Old Glory Auxiliary Installs New Officers

The joint installation of Old Glory Auxiliary V. F. W. and its Post was held last Friday evening in the Eagles' Hall, Daly City, with a large crowd in attendance. In accordance with new rules from the National Auxiliary the following officers were elected for a term of six months: Alene Lehigh, president; Nancy Hurley, senior vice president; Myna Hazelhurst, junior vice president; Anna Sender, chaplain; Myrtle Boyd, treasurer; Genevieve Linser, secretary; and Ruth Brulez, conductress.

Past President Ethel Dorn of Old Glory Auxiliary was installing officer. The retiring president, Nellie Jensen, was presented with the Past President's jewel by Department Officer Margaret Donahue.

Last Saturday a large number of

the members from the Post and Auxiliary motored to Palo Alto, where the ladies drill team, under the direction of Captain G. Linser, assisted the Allan H. Nichols Auxiliary No. 69 in their installation ceremonies. Sister Jenny Conley, retiring County Council president, was elected as president of Palo Alto Auxiliary.

On Thursday of this week the drill team accompanied Sister Ethel Dorn to San Mateo where the latter installed the new officers of Matalan Auxiliary Number 2068.

Old Glory Post Number 2044, V. F. W., will hold their bazaar and food sale all day, Tuesday of next week, in Daly City.

CARPERS STILL CRITICIZE ACTS OF PRESIDENT

Most Of Objections Hinge On Unstability Of The Stock Market

Ever since President Roosevelt launched the life raft which rescued the business of the country from the depression shipwreck and brought it again to the land of profits and dividends the crusted reactionaries of the country have been prophesying disaster. During the periods of their salvation by the New Deal they were for the most part silent. However, as soon as they were back in the realms of prosperity they began the barrage that continues to the present day. Just now, when stocks have receded from the comparatively recent high levels, they again summon the ghost of disaster and are now trying to frighten the people with the absurd notion that a continuation of the policies that saved them before means the destruction of everything.

The mere circumstance that unemployment is on the wane, that many of our leading industries have more orders than they can fill, that the revenue of our whole people continues to go up, has no meaning at all to these critics of the administration. They are doing their utmost to re-establish the domination of fear.

Stocks go up and stocks go down. The fortunate or the skillful make profits either way. The ordinary speculator who just takes a flying gamble may make some money on the bulges and lose some on the recessions. But as long as industry continues to function and people have their jobs, as long as the farmers and the working folks retain their purchasing power and their ability to consume these products, the mutations of the stock market mean little to the average individual beyond the fact that they afford an opportunity for the political panic-makers to beat their breasts and tear their hair and gravely assert that the end of everything progressive impends unless the President and Congress again take orders from the "princes of special privilege."

However, nothing is going to stop the speculation as to whether the next Democratic national convention will tender the nomination to President Roosevelt for a third term. Obviously, he cannot in advance decline a nomination that may never be offered him. Just as obviously, with the world in such a turmoil as it is at present outside this continent, it cannot be forecast whether the American people would permit Mr. Roosevelt to lay down his burden, in view of possible eventualities, should he insist on doing so.

We may look forward with certainty to a lot of expressions of the most positive nature from the commentators, with their exclusive information from "an intimate adviser of the President" and "a White House confidant" who got his inside dope at "a private and intimate conversation."

GRIPPING DRAMA NEW ATTRACTION FOR ALCAZAR

"The Warriors Husband" To Be Seen Last Time At Coming Sunday Evening Performance

The San Francisco Federal Theater Project taken off on its third year with flying colors, currently playing one of its outstanding successes "The Warrior's Husband." Monday, November 15, marked the end of the second year for the project's existence. Tuesday, November 16, began a new era for the organization which will in future relieve the government of the necessity of expending money for production costs other than for salaries. Costs of conducting the project such as scenery, printing, advertising, costumes, construction material and many other items will be met with receipts from the box office, it is announced.

The San Francisco Project has been pronounced one of the most completely equipped and efficient of all Federal Theaters in the country by no less a person than Hallie Flanagan, national director, who with J. Howard Miller, assistant director, reviewed the work of the past two years and inspected the entire Alcazar Theater plant when in San Francisco last week.

"The Warrior's Husband" definitely ends its four weeks engagement the coming Sunday night. It has been playing to record attendance with theater goers from all parts of northern California making reservations throughout the run. It will be followed by John Galsworthy's famous drama "Justice," opening Wednesday night, November 24.

"Justice" is a gripping drama presented in three acts and six scenes. It has been given a complement of the finest acting talent in the San Francisco group.

CRANBERRY SHERBET

(From Mrs. Maude L. Pitschke)

5 cups water
3 cups sugar
2 quarts cranberries

Boil the water and sugar together for 25 minutes. Cook the cranberries in one quart of water until they are soft. When the syrup is cold, squeeze the cranberries through fruit press into syrup until it is tart enough. It will not take all the fruit unless a very tart sherbet is desired. Strain into refrigerator or freezer and freeze, but not as hard as other ices, if you wish to serve it with roast turkey or other meats. This amount makes enough for 20 glasses.

RAISIN CRANBERRY PIE

1 cup canned milk
1 cup sugar
1 cup raisins
1 cup cranberries

Combine milk and sugar and heat until sugar is dissolved. Place berries and raisins evenly in unbaked pie shell. Pour over the milk ingredient. Cover top with strips of crust. Bake in a hot oven (400 degrees) for ten minutes, then reduce the heat to 375 degrees and continue baking for about 35 minutes.

OLD FASHIONED ROAST TURKEY

After the fowl is cleaned and ready for roasting, place on the rack of the roaster on top of the stove. Fill the pan a little above the rack with boiling water and steam the bird for full 2 hours, the day before roasting. The advantage in first steaming a fowl is that it plumps it, filling the tissue with moisture, which makes the meat softer and more juicy. Dredge the fowl with seasoned flour and stuff with a dressing made as follows:

Bread
Milk
1 tablespoon salt
1/2 teaspoon pepper
1/2 teaspoon sage
1/2 teaspoon mixed herbs
1-3 cup butter
1 teaspoon grated onion

Cut the crusts from the bread and soak in milk. Crumble the soft part of the bread dry. Squeeze the most of the milk from crusts and add the crumbled part to the soaked crusts. Mix together and add above seasonings and butter. After the bird is stuffed, sew up and place in the roaster without the rack, with one pint of water. Baste well with butter. Cover and roast about three hours, or 20 minutes to the pound, in a slow oven, turning two or three times. If

the roaster is not modern, baste oftener.

Gravy

Chop giblets, add to the water in the roaster and thicken with flour or cornstarch.

PUMPKIN PIE

(From Mrs. Helen Cropsey)

1 well beaten egg
1 cup milk
1/2 cup brown sugar
1 teaspoon ginger
1/2 teaspoon cinnamon
Pinch salt

Beat altogether and pour in pie plates previously lined with crust. Bake in a hot oven (400 degrees) for 10 minutes, reduce heat to 375 degrees and bake for about 35 minutes or until center is firm and filling is nicely browned.

QUICK SPICE CAKE

(From Mrs. Sydney P. White)

2 cups raisins
1 cup brown sugar
1 cup water
1-3 cup shortening
1/2 teaspoon nutmeg
1/2 teaspoon cloves
1 teaspoon cinnamon
Pinch salt

Put all of the above ingredients in sauce pan and boil for 3 minutes. When cool add the following:

2 cups sifted flour
1 teaspoon soda
1 teaspoon baking powder
1 beaten egg

Bake in a medium oven (375 degrees) about 45 minutes or until done.

OBSERVATION OF VARIOUS THINGS IN OUR CAPITAL

Some Intimate And Interesting Facts Regarding The Personality And Achievements Of The Dean Of Congress

(By Hart Goodrich)

With the opening of the special session of Congress this week, many colorful figures are thrown into the spotlight of public interest. One man, we should all know, is Morris Sheppard, senator from Texas. He has served continuously in the House and Senate for 35 years, longer than any other living member. When Senator Sheppard's present term expires in 1943, he will have had continuous service in both Houses of Congress for over 40 years.

As the Senator, who has witnessed and taken part in more sessions of Congress than any living American, his record is intensely interesting, presenting a picture of the events that have shaken the Nation, disturbed or enlivened it, in this period.

The Dean of Congress is author of the Federal Credit Union Act, which became law on June 26, 1934, and by means of which the purchasing power of the people is said to have increased by more than one billion dollars through relief from exorbitant interest rates on small loans.

In 1926 he sponsored an act for underground exploration by the federal government to determine the extent and location and nature of potash beds in the United States. These explorations made us independent of the German and French potash monopolies.

Senator Sheppard is chairman of the Senate Military Affairs Committee and is the author of a large number of laws designed to benefit the army.

A way back in 1910 he introduced the first bill for an air mail route. The press of that day, not foreseeing the development of aviation, proclaimed the measure visionary and impracticable.

Morris Sheppard is a loyal and unqualified supporter of President Roosevelt and the New Deal program, and as such is bound to play an important part in this extra session and throughout the present administration tenure. His experience in Congressional matters will be a

The Golden Text will be: "My soul, wait thou only upon God; for my expectation is from him" (Psalms 62:5). Other Bible citations will include: "Come and hear, all ye that fear God, and I will declare what he hath done for my soul. I cried unto him with my mouth, and he was extolled with my tongue. If I regard iniquity in my heart the Lord will not hear me: But verily God hath heard me; he hath attended to the voice of my prayer. Blessed be God, which hath not turned away my prayer, nor his mercy from me" (Ps. 66: 16-20).

The Lesson-Sermon will also include the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Unless the harmony and immortality of man are becoming more apparent, we are not gaining the true idea of God; and the body will reflect what governs it, whether it be Truth or error, understanding or belief, Spirit or matter" (p. 324).

National Book Week Enriches Student Vision

"Reading—the Magic Highway to Adventure," is the theme upon which the program for National Book Week, presented by the students of the Woodrow Wilson School on Thursday, was based.

An assembly under the guidance of Mrs. Lewis, Miss Varni, Mrs. Hahn and Mrs. Burns, led the students to appreciate the highways which the realms of literature, through the medium of books, opened to them. Billy Dillon, student chairman of the day, presented Carmela Valletta, who gave a most interesting paper on the "History of Books"; this was followed by Victor Rosoff, who spoke on the "Care of Books."

Roy De Vincenzi, Joe Battagliari, Eugenia Rich and Jean Durkee presented a skit based on the story of "Ali Baba and the Forty Thieves." Burt Yeoman enlightened the assembly on "Book Reports." "David Copperfield" was presented in the form of a scene which was dramatized by Edith Fasshauer, Annaliese Troutmann, Florence Bautista, Donald Laston and Robert Dyer.

Sets Forth Important Changes
Recently Adopted To Make
Law More Effective

Recent changes in the Old Age Security Law, particularly the lifting of liens on real property has caused a sharp increase in aged aid applications. However, certain other changes have thrown a very definite responsibility on relatives of aged aid applicants which should have a deterrent effect.

It is evident that the spirit of the new legislation is to assure aid to the aged person who is actually in need, but it also provides for recovery of such aid from relatives who are unwilling, but financially able, to aid the aged person.

The Social Service Division of the San Mateo County Department of Public Health and Welfare is forwarding to all responsible relatives of applicants a copy of Section No. 2224 of the act, which reads as follows:

"No. 2224. If the person receiving aid has within the state a spouse or adult child pecuniarily able to support said person, the board of supervisors shall request the district attorney or other civil legal officer of the county granting such aid to proceed against the kindred in the order of their responsibility to support. Upon such demand the district attorney or other civil legal officer of the county granting aid shall, on behalf of said county, maintain an action, in the superior court of the county granting such aid, against said relatives, in the order named, to recover for said county such portion of the aid granted as said relative is able to pay. Any sum so recovered shall be credited by the county to the county and to the state in proportion to the contributions of the county and the state respectively.

"Ruling: If the board of supervisors have cause to believe that legally responsible relatives have ability to assist, but are not so doing, they are mandated under this section to bring it to the attention of the district attorney for action."

YOUNGSTERS ARE DELIGHTED WITH MARIONETTES

Federal Theater Project Stages
Famous Old Play With
Puppet Performers

Five hundred children shouted with glee, Saturday afternoon of last week, when the marionette unit of the Federal Theater Project made its first presentation of Washington Irving's famous old tale, "Rip Van Winkle" on the stage of the Alcazar Theater.

Of the entire audience it is likely that not one had ever before had the opportunity in their young lives of seeing the beloved old character that has delighted generations of young folks for more than a century. It was evident that many had never even heard of the man who went up into the Catskills and dozed for twenty long years only to awaken and find himself transformed from a husky young lad into a pathetic, doddering oldster, friendless and alone. It was a gala matinee for the kids and a better one for the adults watching and listening to the children.

Musical Autobiography To Be
Staged For Entire Week
Beginning Sunday, November 21

Next of the important stage attractions in San Francisco will be Billy Rose's "Show of Shows" at the Curran Theater, commencing Sunday, November 21. Matinees will be given on Wednesday and Saturday.

"Show of Shows" is Billy Rose's musical autobiography. It is a two and a half hour revue, based on the high spots of seven of his productions at Fort Worth, New York and Cleveland.

Four of the big production numbers are from Casa Manana Revues of 1936 and 1937, and last year's Pioneer Palace. One is from the Aquacade at Cleveland, one from the Casino de Patee and one from the musical circus at the New York Hippodrome.

The 1936 Casa Manana will be represented by the fast Chicago Fair sequence, with Walter Dere Wahl again as the droll pantomime comedian. The 1937 revue will be represented by "Lost Horizon" and "It Can't Happen Here."

The Honky-Tonk revue from the 1936 Pioneer Palace will be seen intact. Lulu Bates will sing "Handlebar Mustache" and "Lady Known As Lulu." The Tiny Rosebuds, Eddie Eddy and Heck (the long and short of it), the Melva Sisters of the musical bottles, Jones and Grannon, the Miller Boys—they are all in it again.

An added feature will be Everett West, in gay nineties plaid, singing his luck song "When Irish Eyes Are Smiling." It was this song, delivered as a solo encore at Casa Manana jam-boree last summer, that elevated West to stardom. Now under a three year contract to Rose, he is the principal singer in "Show of Shows," and will do five numbers in the revue.

The Aquacade production number will be a beach sequence featuring the songs "The Camera Doesn't Lie" and "Strangers in the Dark," with show girls parading in X-ray evening clothes.

The musical sequence, closing the first act, will be the "Spangled Dream" finale in which the great spangled clowns of the original Hippodrome show will be seen for the first time here.

Casino de Patee will be a blend of the famed theater-restaurant and last year's Casa Manana Paris number. Hinda Wassau will do her "April in Paris" dance here—the one which prompted the slogan "You Owe It To Your Youth To See Her."

Studio Made Hurricane Filmed To Order At Cost Of \$500,000

FIGHTING FOR LIFE in the wild fury of a raging hurricane, Terangi (Jon Hall) aids his wife Marama (Dorothy Lamour) as seen in Samuel Goldwyn's stirring saga of the South Seas, "The Hurricane"

Every year the motion picture producers of Hollywood select their best three or four pictures and send them out to the public as road shows. A road show, in film parlance, is a 22-carat entertainment nugget and for its exhibition only theaters with tradition and exclusiveness are considered.

Last year Samuel Goldwyn decided that "The Hurricane," an extremely popular serial and novel by Charles Nordhoff and James Hall was proper road show material. He set aside a budget of \$1,850,000 for making it. Completed now after six months of intensive production at Samoa and Hollywood it is currently presented at the Geary Theater in San Francisco.

While the stars of the picture are Dorothy Lamour, Jon Hall, Mary Astor, C. Aubrey Smith, Raymond Massey and Thomas Mitchell, the technicians deserve a full share of praise, and this includes John Ford, the director. Their principal job with this latest Geary road show attraction was the creation of a hurricane. For understandable reasons, it was impossible for the location unit at Samoa to wait for a real hurricane to come along.

Even in those wind-torn islands hurricanes are infrequent. So the task of making this big wind was

left to the studio technicians. The producer and director decided that \$500,000 (in real, not stage money) would cover the expense of making this big wind.

James Basevi, who created the fire sequences in "San Francisco," was hired for this task. He erected a hurricane maker of steel and timber on a tower 90 feet high and mounted light release and reserve tanks capable of dumping 130,000 gallons of water at a time down four steel chutes 15 feet from top to bottom. This was for the tidal waves.

For the big wind he bought and rented six twelve-cylindrical Liberty motors driving airplane propellers, capable of creating a wind of 115 miles an hour. This sizeable breeze was focused upon the descending waters, to create a hurricane as startling and realistic as any Mother Nature ever brewed.

MEET AND DINE CHRISTMAS CLUB TALK TURKEY ENJOY LARGE FUND PAYMENT

Housewives Looking Forward
To Xmas—Expect Cook
Book To Be Finished

Monday afternoon of this week members of the Experienced Housewives Club enjoyed a luncheon, a short business meeting and an afternoon of sewing at the little home on Irvington street. The table decorations, as well as the conversation, savored of turkey and all that goes to make up a savory and well served Thanksgiving dinner.

The hostesses—Miss Ruth Lindorff, Mesdames George Lindorff, A. Vireno and George Cofer—served chicken pie "fit for a king," with cranberry sauce for the trimming. Jello with whipped cream, pumpkin pie and coffee rounded out a most satisfying repast.

Mrs. D. Hunter, who was unable to attend, sent in an article from a popular magazine to be read during the business meeting. The article dealt with dressing and gravy for Mr. or Mrs. Turkey.

The next meeting will be held on Wednesday, December 8, at which time the new recipe books will be on display. The housewives are looking forward to this publication as a worthwhile Christmas gift for friends in and out of town. Each member is required to bring some hand made article, not to exceed "two bits" in price, for the Yuletide Grab Bag.

Hostesses are to be Mesdames E. R. Bolger, George Augustin, D. Hunter, June Fletcher and Maude Pitschke.

The godparents for little Miss Alexander were Mr. and Mrs. Norvel Gillespie and Mrs. Christine Goldwater.

Karen Erla had as her godparents Mr. and Mrs. Roy Hardy and Mrs. Leona Gordon, and Eugene Earl was sponsored by Miss Evagelin Ferrier, Jack Gordon and Marvin Barrett.

Our home merchants will share in the 35 per cent increase in funds which will be released to Bank of America Christmas Club members throughout California on December 1, Manager Carl E. Newman of the Daly City Branch announced this week.

Approximately \$9,500,000, an increase of \$2,500,000 over 1936, will be distributed to 155,000 members through Bank of America branches in 304 California communities, according to President L. M. Giannini. In Daly City the total distribution will be \$20,000 to 450 members.

"Christmas Club savings represent one of the best possible guides to economic conditions," declared Manager Carl E. Newman. "Therefore, there is every reason to feel that the coming Christmas will be California's merriest in many years."

It is estimated that 70 per cent of money saved in this type of account goes immediately into trade channels. The balance is reinvested in savings and securities.

The Bank of America Christmas Club is now the largest of any in the United States.

Colma News Notes

The Women's Club of Colma will hold a whist party, Tuesday afternoon of next week, at the club house on Werner avenue. Mesdames M. Grady and L. Jost will be chairmen of the affair.

A monster whist party, to be sponsored by Jefferson Union High School Parent Teachers Association, has been announced by Chairman May Conserva. The affair will be held during the latter part of January.

The whist party sponsored by C. V. F. D., Friday evening of last week, enjoyed a large attendance with Mrs. Lena Hutchings of Vista avenue carrying off high honors.

A. Galli of Gilroy is spending a number of days this week as the number guest of his sister, Mrs. T. Matteucci and family of School street.

The Colma Parent Teachers Association held its regular monthly whist party, Tuesday afternoon of this week, at Jefferson Hall. Following the game, guests were served refreshments consisting of homemade cake and coffee, prepared by the committee.

Friends are congratulating Mr. and Mrs. Tom Bocci of Colma on the recent birth of a son at St. Mary's Hospital in San Francisco. Both mother and son are reported doing nicely.

Telephone Whist Party Is Given

A telephone whist party given in honor of Senior Princess Martha Churchill of the Order of Job's Daughters was held, Tuesday evening of this week, simultaneously in a number of different homes, among them being the homes of Mrs. Lester Volkman, Mrs. A. T. Hollingsworth and Mrs. A. Conserva.

Following a pleasant evening, guests were served refreshments consisting of homemade cake and coffee. Mr. Lasky of San Francisco carried off the evening's high honors.

Ocean Shore Unit Opened To Travel

An important unit of the Ocean Shore Highway project, a new section of road from Rockaway Beach to Montara on State Route 1 along the coast south of San Francisco was opened to travel last week.

The new section eliminates a narrow and winding stretch via Pedro Mountain. In place of the 222 curves on the old Pedro Mountain section, the new road has only 28 curves with a minimum radius of 400 feet. The saving in distance is about six miles. The new alignment has a climb of only 1.2 miles to an elevation of 465 feet, in contrast with a climb of three miles and an elevation of 922 feet on the old route.

The aim of the Ocean Shore Highway project is to bring to modern standards the entire stretch of highway along the coasts of San Mateo and Santa Cruz Counties from San Francisco to the city of Santa Cruz. Sponsoring the project is the Three Counties Highway District, embracing the counties of San Francisco, San Mateo and Santa Cruz.

Jefferson Football Closes With Loss

Fighting against heavy odds, Jefferson lost its final game of the season, which would have given them second place honors in the Peninsula Athletic League.

Bad breaks were part of the cause of the loss of this game, but the greatest drawback was the absence of Simpson, who was injured during practice last week. Throughout the season Simpson proved himself a hero with his long runs that often resulted in Jefferson scores.

Up against the undefeated P. A. L. champions, the Indians fought sternly and hard throughout the entire game, but bad breaks hit them from the start till the final gun sounded.

Twice in the first quarter San Jose scored, first through a fumble on the Indians four-yard line, then again through an intercepted pass. Just before the end of the first half San Jose started a long march to the Jefferson goal to leave the Indians on the short end of a 21-0 score.

The Indians came back in the second half, fighting mad. They made the spectators stand up and take notice when they started two long drives which carried them deep into San Jose territory. Both times they seemed to lack the power to crash the Bulldog line in order to reach pay dirt.

Just before the final gun, Jefferson was in possession of the ball deep in their own territory. An attempted long pass was intercepted by a wide-awake Bulldog, who ran the necessary yardage to a goal.

Coasting with gears in neutral is prohibited. Horn must be sounded on all curves where view is obstructed within a distance of 200 feet along the road. Where passing is impossible, the descending vehicle must back up to a point where ascending car can pass.

Poet-Slayer Given Life Prison Term

Michael Milligan

While Michael Milligan, 59-year-old poet, amused himself writing verses in a Redwood City, Cal., prison recently, a jury found him guilty of first degree murder but recommended life imprisonment. The sentence saves Milligan from the death penalty for the slaying on June 8, 1936, of Mrs. Camilla Smith, proprietor of a pet shop in South San Francisco. Milligan was undismayed at the sentence, leaving the scene of his conviction with the remark: "Life begins at sixty."

Jeff Hi Teachers Attend Dinner Meet

Jefferson Union High School was well represented at the November dinner meeting of the San Mateo Teachers' Association, held Monday evening in the San Mateo High School. Mr. James Ferguson and Misses Gibbins, Smith and Robinson and Messrs. Hoppe, Moseley, Pateron and Saiz made up the local group.

low firemen to safety. Once free from the dense smoke, they revived quickly and rejoined the battle against the spectacular fire, which lightened murky skies so that the glow was visible throughout all of northern San Mateo county and southern San Francisco.

The fire was discovered at 8:15 in the evening by Joe Cascio, a cowboy. It apparently had been started by spontaneous combustion, according to Fire Chief William Schmidt of the Brisbane department.

The fire fighters concentrated their efforts on saving nearby dairy buildings. Ten horses stabled in an adjoining barn were terrified by the flames and were released by farm hands into a pasture only with difficulty.

Thousands of motorists and spectators were intrigued by the startling brilliance of the fire and caused a traffic jam on Bayshore highway as
